

BEST TIP: NO TTIP!

Companies see dollar signs on the horizon
but their profit won't be what we will get.
They promise thousands of jobs will be created
but in fact it's not our chance it's our threat.

TTIP will be the devil on earth, you will see.
So I say it clearly: Without me.
A hard wind blows and my voice says no
to the American-European fairytale show.

We will lose our rights and our freedom,
giving all control into their hands.
That's not democracy – it's a dictatorship
by an industry shadow government.
