

## **DESTROY YOUR WORLD!**

No style is cool enough.  
Call it a superficial taste.  
No fridge is full enough.  
Call it attitude of waste.  
No profit is enough.  
Call it conscience displaced.  
Nothing will be enough.  
Hey-hey-hey!

Somebody, somebody, somebody  
will destroy your world tonight.  
Somebody, somebody, somebody  
will make you feel your spite.

No job is good enough.  
Call it a loss of sanity.  
No girl is nice enough.  
Call it a life of vanity.  
No gadget is good enough.  
Call it a compulsive insanity.  
Your son won't be enough for you!  
Hey-hey-hey!

Somebody, somebody, somebody  
will destroy your world tonight.  
Somebody, somebody, somebody  
will make you feel your spite.

You wanna be my friend?...

Oh no!

No government is enough.  
Call it a matter of choice.  
No media dull enough.  
Call it demand for some noise.  
Outlanders are too much.  
Call it your stupid fascist voice.  
You won't ever be enough for us.  
Hey-hey-hey!

Somebody, somebody, somebody  
will destroy your world tonight.  
Somebody, somebody, somebody  
will make you feel your spite.
