

## NEVER ACCEPT

They're coming back. All the time.  
Fascist scum. Not worth a dime.  
The youth is getting ignorant again.  
Brown lies have caught their brains.

Never accept this generation  
that wants to forget about the brown times  
Never accept this nation  
that doesn't stop the fascist crimes.  
Stop the fascist crimes!

Fight the beginnings. Every day.  
Accept no ideas of nazi-prayers.  
Young hearts are filled with hate again.  
That's our future with a chain.

Never accept this generation  
that wants to forget about the brown times  
Never accept this nation  
that doesn't stop the fascist crimes.  
Stop the fascist crimes!

Who is the liar?  
Who sets the world on fire?  
Who denies the camps?  
Who has never had blood on his hands?.
