

## SILENT ALARM

Have you read the news?  
Another child has been abused,  
Civilians was were killed in Iraq,  
pollution's got a new mark.

Global warming. There is no morning.

We just close our eyes...      This is a silent alarm.  
We don't accept advice...      This is a silent alarm.  
Silent alarm!

You ask me what's going on.  
Insanity has nearly won.  
America's crusade of cash:  
Burning everything to ash.

No warning. Bombs are falling.

We just close our eyes...      This is a silent alarm.  
We don't accept advice...      This is a silent alarm.  
Silent alarm!

No warning. There is no learning.

We just close our eyes...      This is a silent alarm.  
We don't accept advice...      This is a silent alarm.  
Silent alarm!
