

WELCOME TO THE LO-FI SCHOOL

You are right. That's a good place.
Pump up the volume of this awesome bass.
One step to the right, one step to the left.
Having fun is not a theft.

So what the hell you're waiting for?
What the hell you're waiting for?

Welcome to the Lo-Fi School, my son. Ohohoh.
First lesson: the night has just begun.

You are right. We 're totally mad.
We're everything but not sad.
One step back, one step ahead.
Darling, you won't be afraid?

So what the hell you're waiting for?
what the hell you're waiting for?

Welcome to the Lo-Fi School, my son. Ohohoh.
First lesson: the night has just begun.
Welcome to the Lo-Fi School, my son.
Second lesson: your sound is totally wrong.

Welcome to the Lo-Fi School, my son.
Second lesson: we won't listen to your song.
