

LET IT OUT

Some chords in the air.
What you think 'bout dancing for dessert?
We're going nowhere.
And that's a privilege, my dear.

Let it out. It's just music.
Let it out. It's your chance. (So) use it.

What you're waiting for?
This beat is not to ignore.
Your screams will beg for more.
but we'll leave though the backdoor.

Let it out. It's just music.
Let it out. It's your chance. (So) use it.
